## Prevent Drowning Deaths

Royal Life Saving WA is a community focused, not for profit charity.

We develop, fund and deliver water safety education and lifesaving training programs and resources to the WA community to reduce drowning rates in Western Australia.

Your assistance will help fund...

## Support and Help Families in Need

RLSSWA supports families who have been impacted by a drowning or the child has suffered long term permanent injuries as a result of a near drowning accident.

We provide counselling services to families and friends to assist them in adjusting to challenges ahead.

For each drowning there are approximately 10 people hospitalised as a result of a non-fatal drowning accident.

The family may also need assistance to make considerable lifestyle changes. New wheelchairs, car and house modifications are expensive, but vital, in enabling them to live a full life together as a family.
