

Playing in water
is lots of fun - but
always have an adult
supervising in case you
get in trouble!

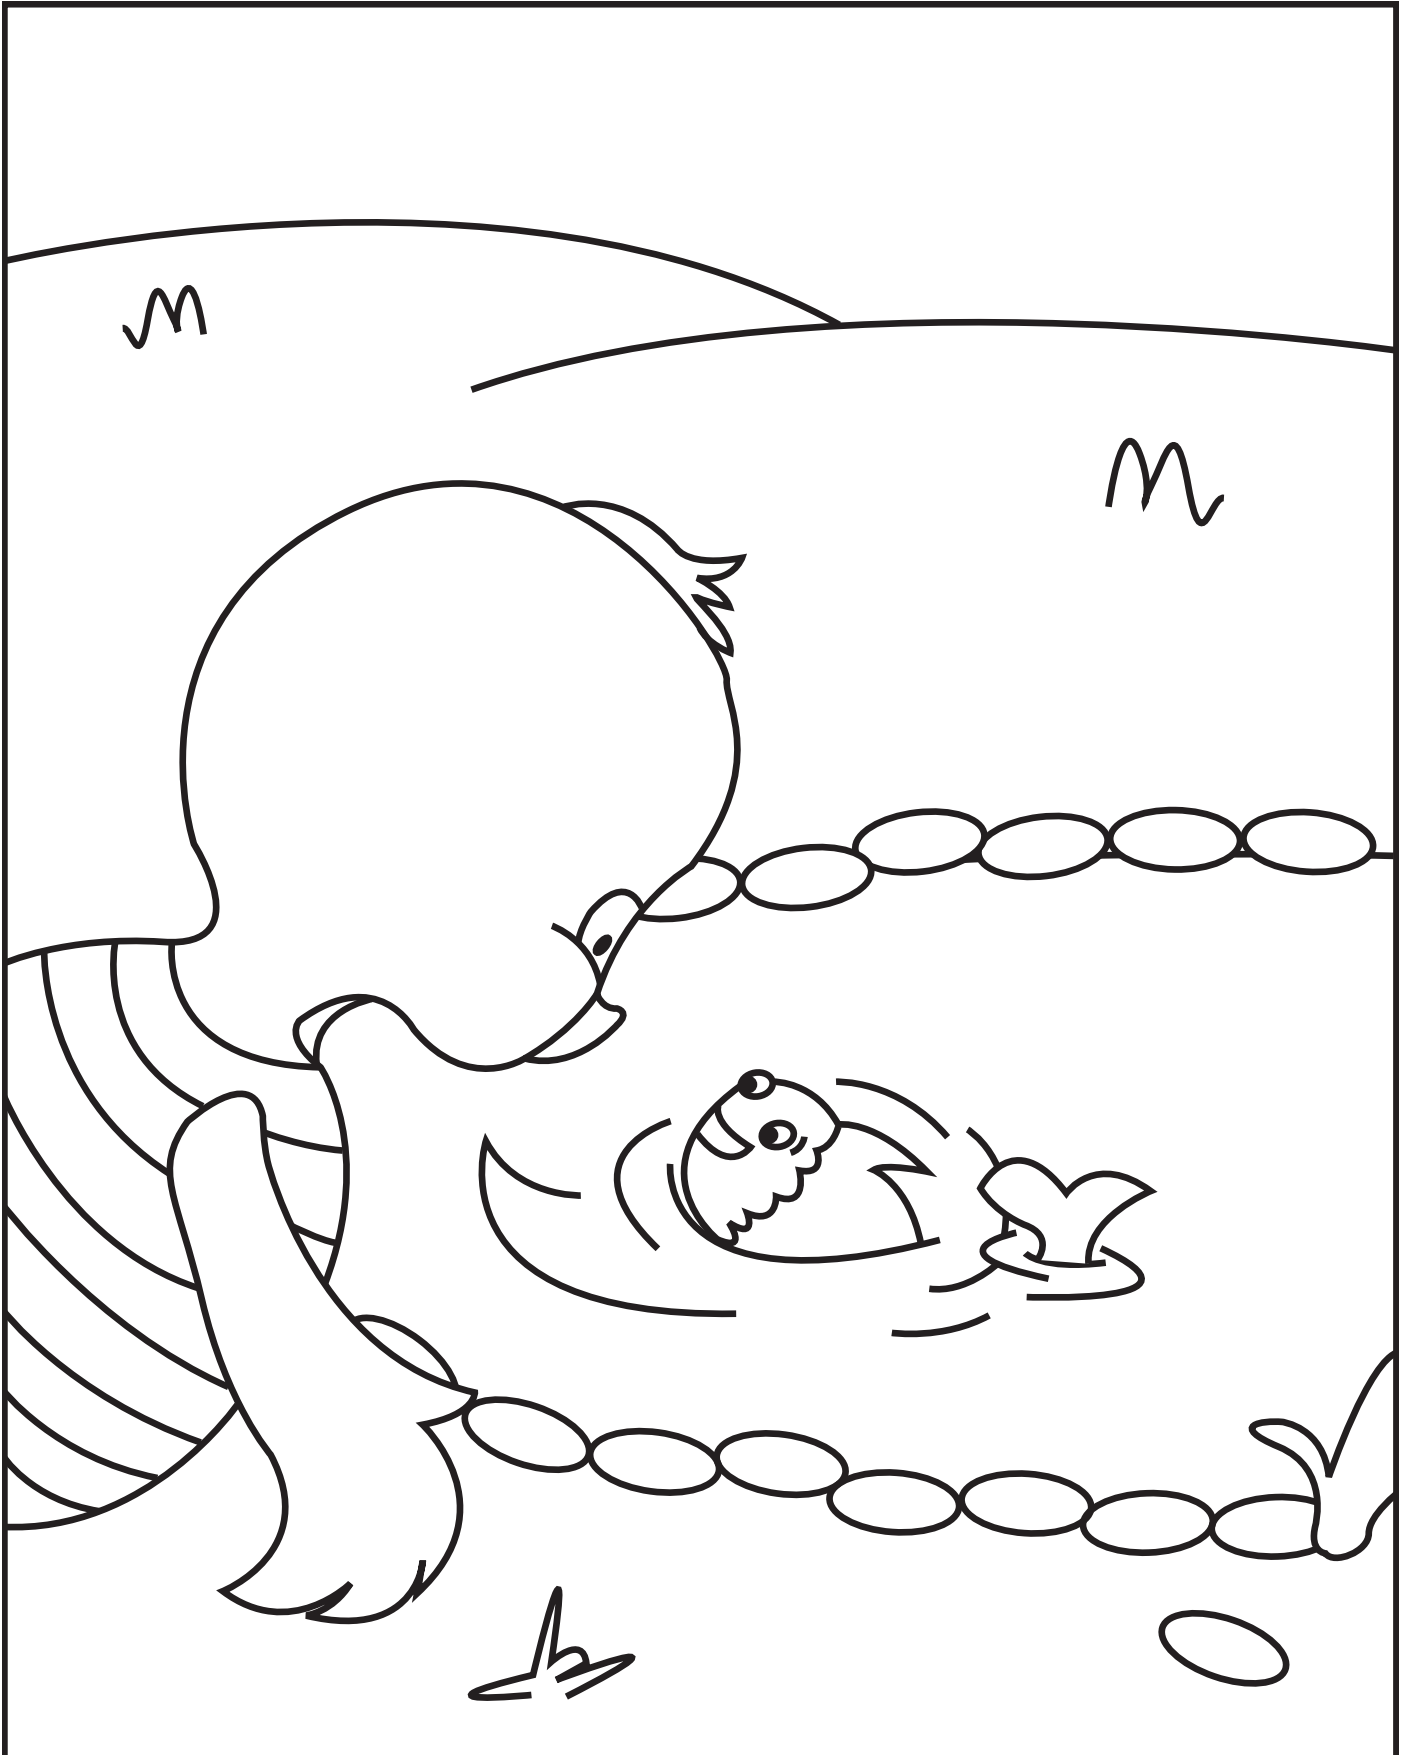

NEVER go into the pool area
without an adult.

If the pool fence is open
- tell Mum and Dad!

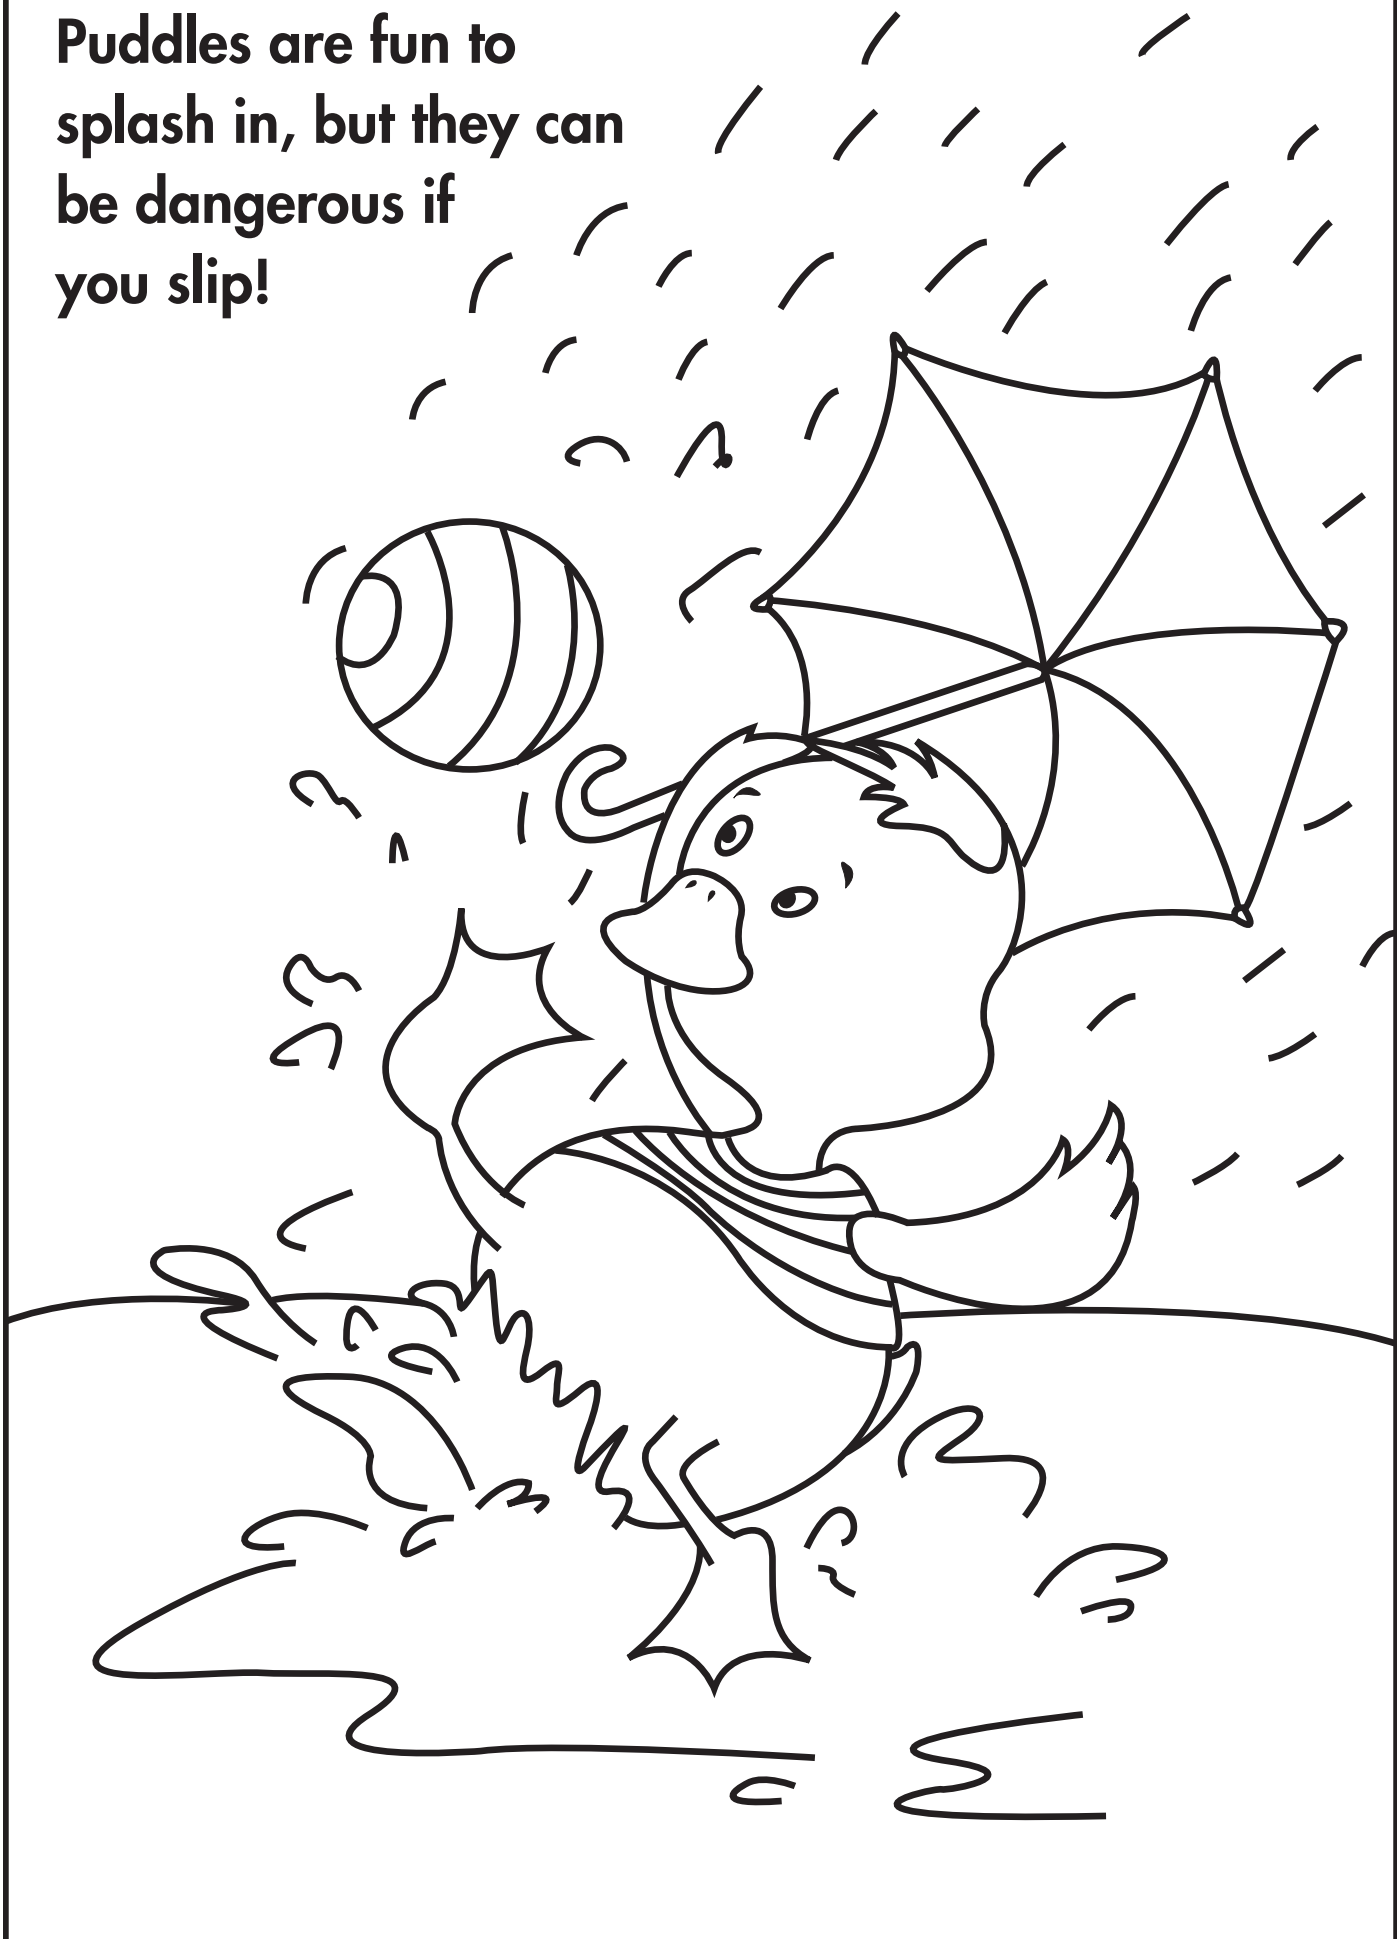

ALWAYS be within arms reach of
Mum and Dad when in the pool!

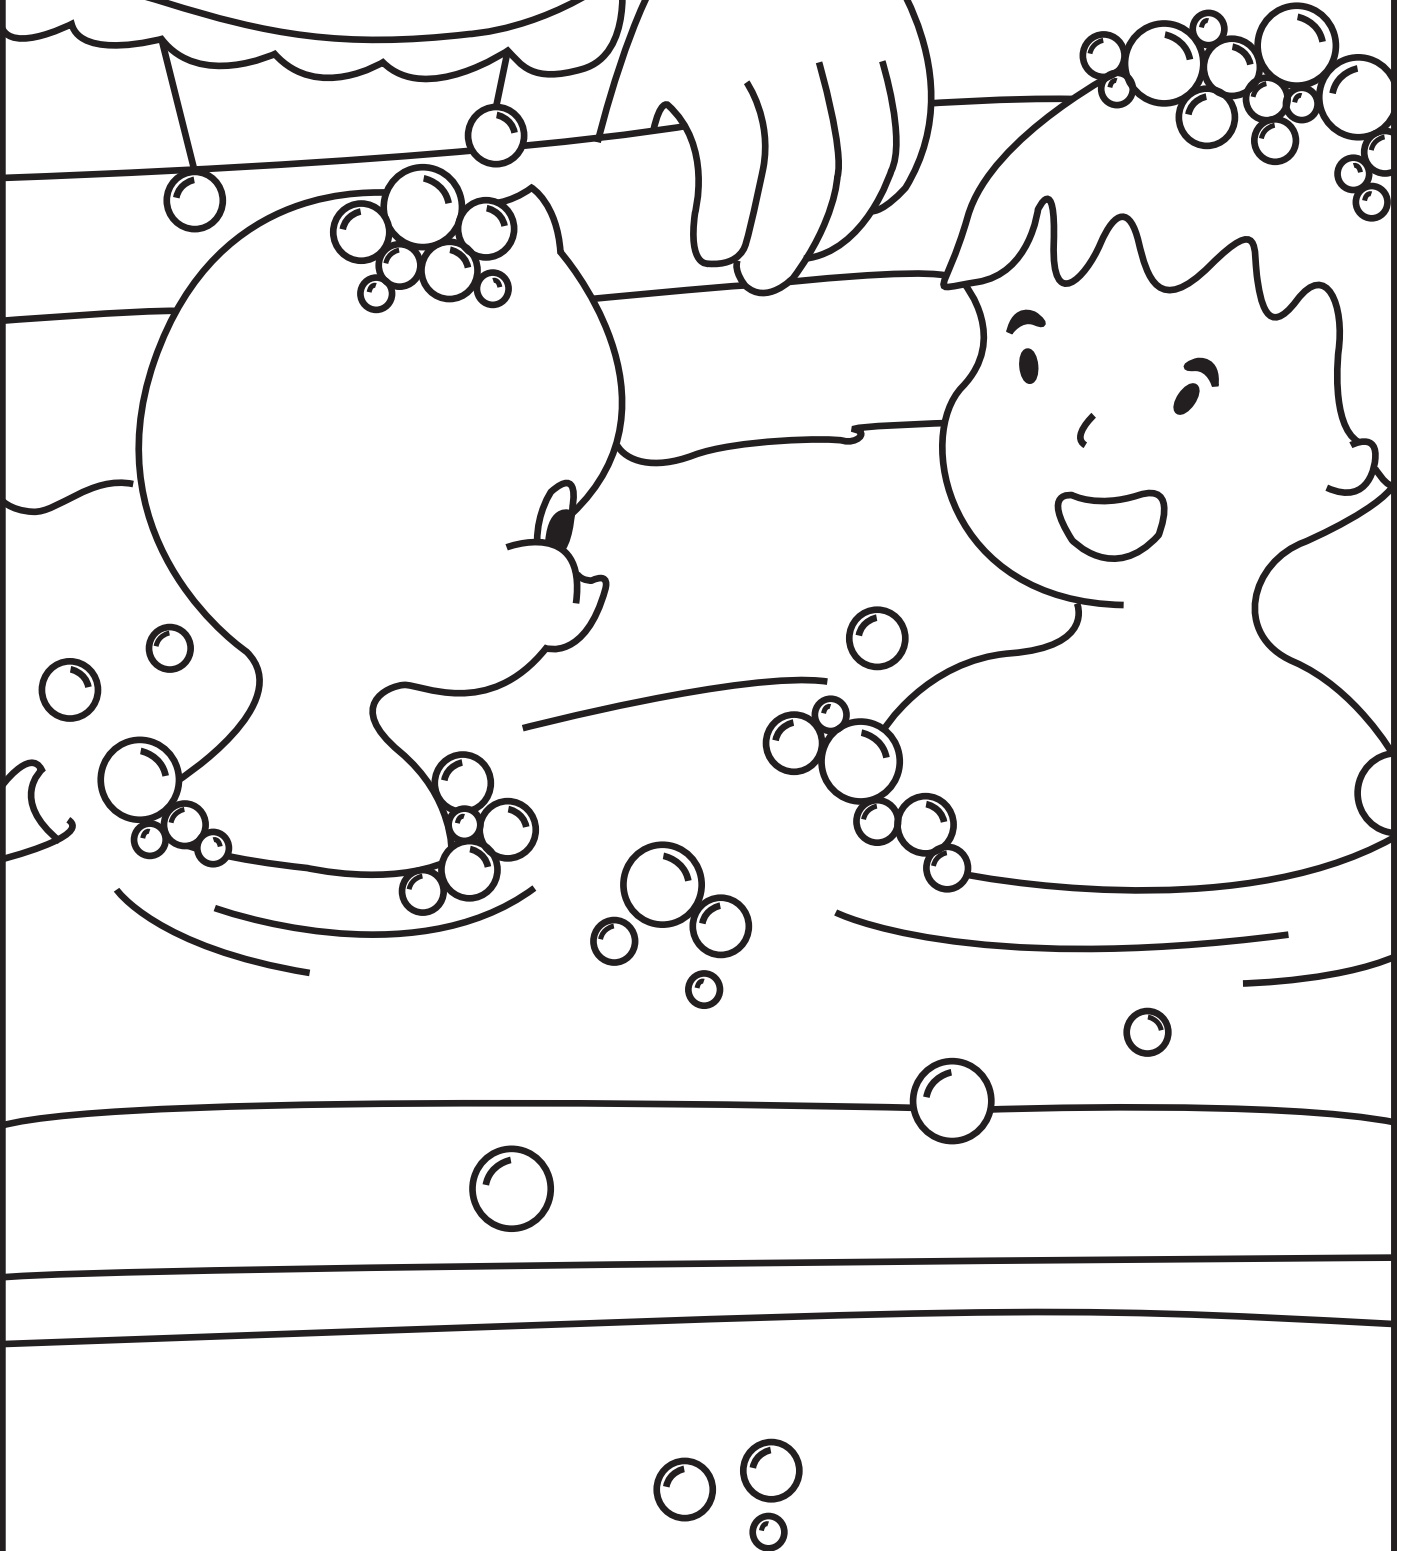

**Fish ponds can be dangerous too,
especially when you can't see the bottom!**

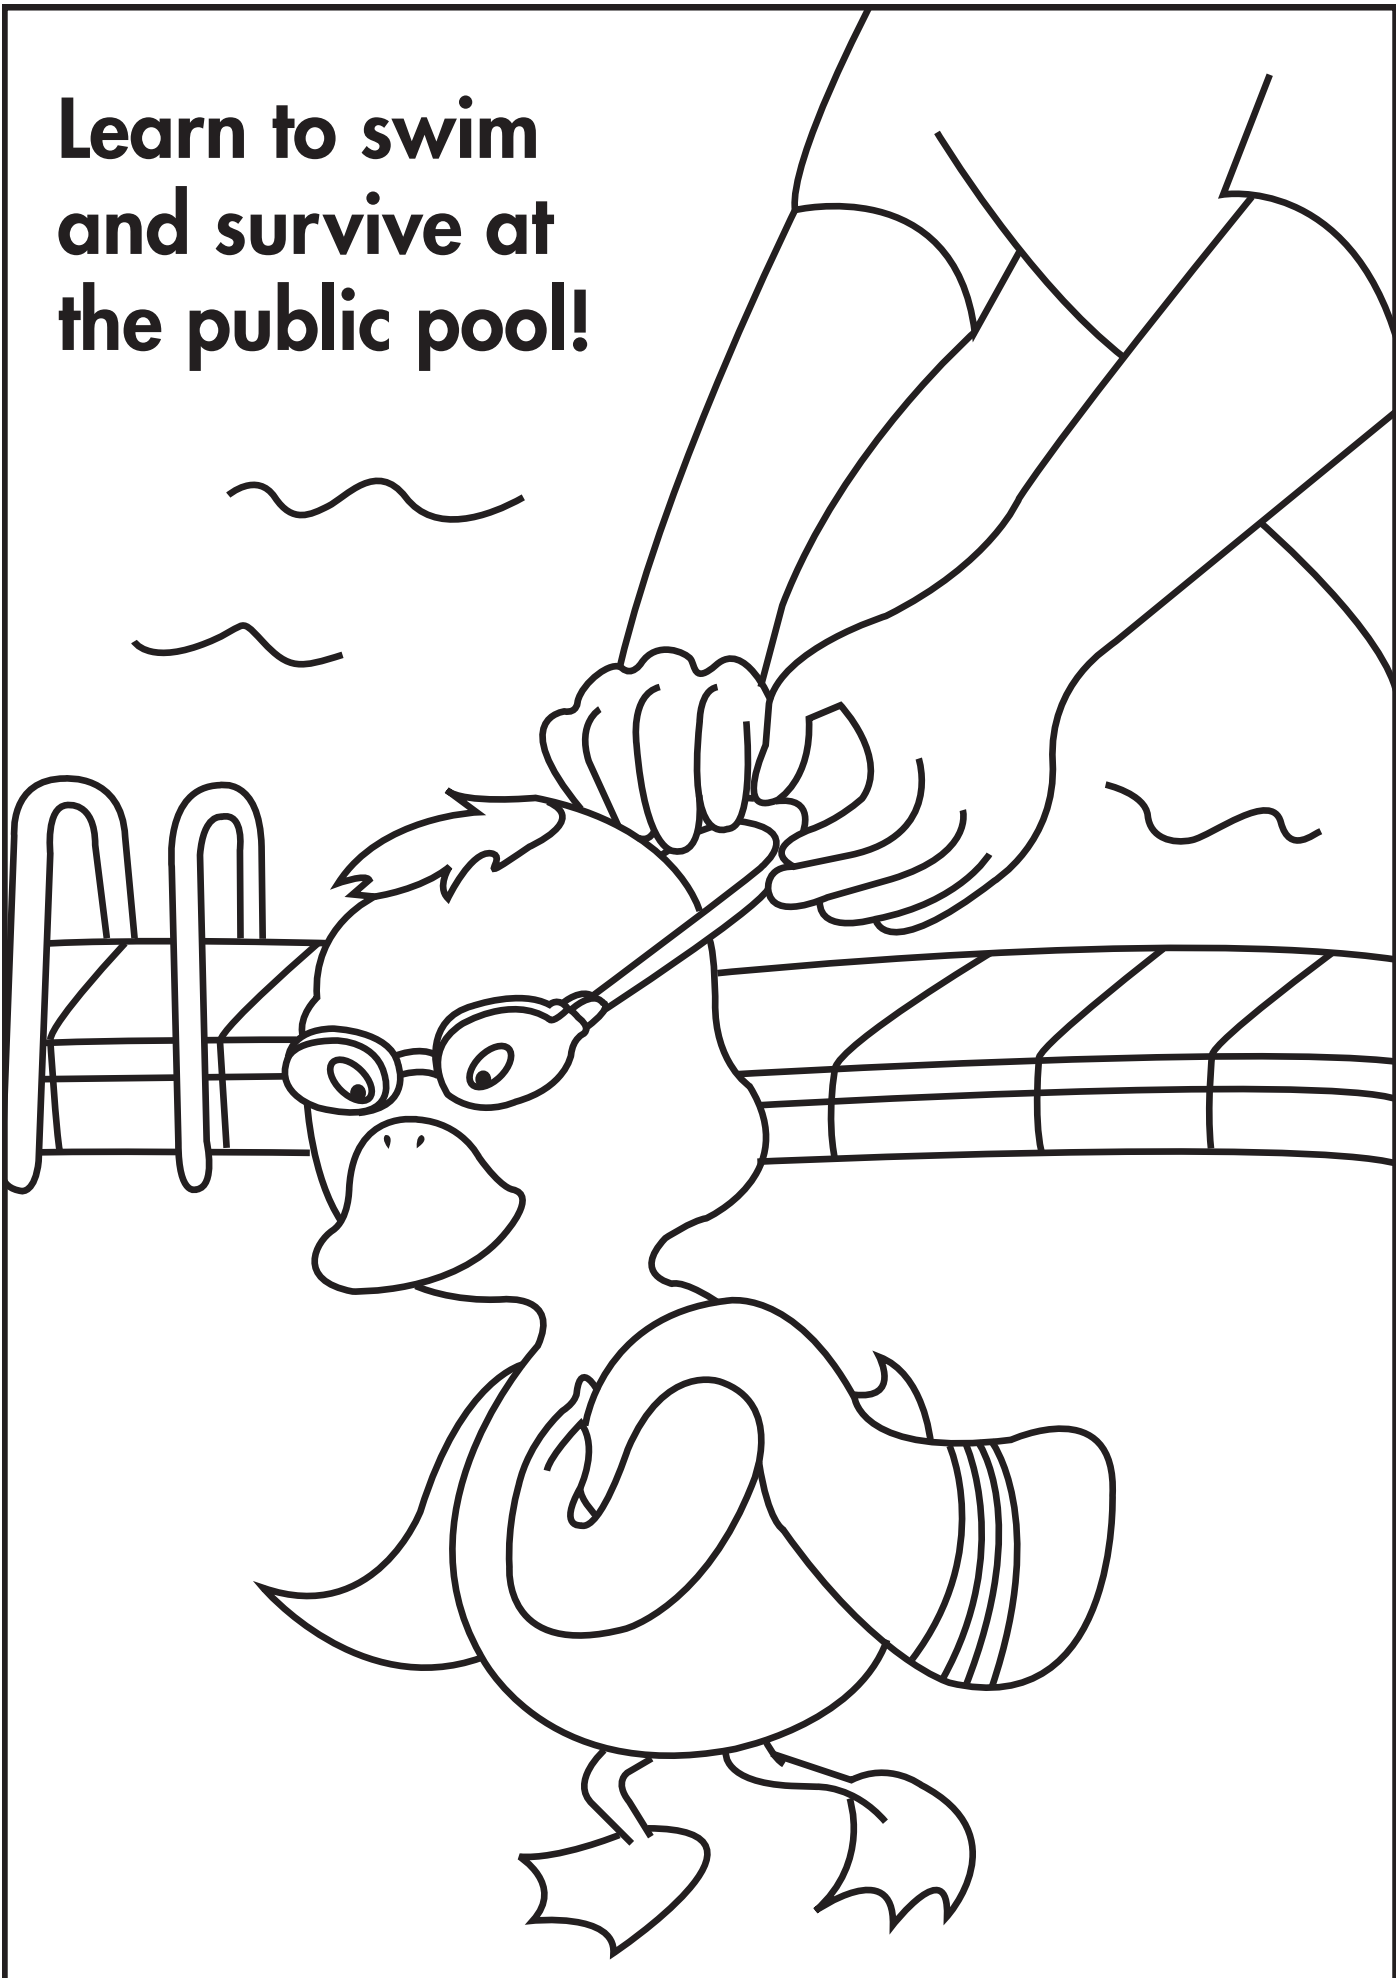

Puddles are fun to splash in, but they can be dangerous if you slip!

Enjoy bath time with
Mum and Dad.
Make sure you
check the water
temperature first!

**Learn to swim
and survive at
the public pool!**

**Do Mum and Dad
know CPR in case of an
emergency?**
